## Thank you for taking part in Day Without Speech!

OIC Cambodia is working to build speech therapy services into Cambodia's public health system. We are a young and ambitious project which is already making a difference to children with communication and swallowing disabilities by addressing their needs and raising awareness of the need for speech therapy across the country.

OIC is proud to be a partner for Project J703N OIC Cambodia (Education) with Global Development Group (ABN 57 102 400 993). Tax-deductible receipts for gifts over \$2 with a preference for this approved aid and development project will be issued by GDG to donors in Australia and the United States. Donors from the UK may be eligible for Gift Aid.
